

Curriculum Vitae

Mohammed E. Mehrez. Alowa

Sr. Petroleum & Gas Engineer
MSc of Petroleum & Gas Engineering
Faculty of Mining & Energy Engineering
Sebha University
Address: 92 - Tanawiya St, Sebha - Libya
Phone : +218 (91) 3719007 - +218(92)3719007
Email: Moh.alowa1@sebhau.edu.ly

Objective

I am delighted to apply to your organization to get opportunity to develop my career for coming challenges in the Oil and Gas sector & to be the best, & make meaningful contribution to growth / development of my Human Resources background.

Education, Qualifications and Training

Education

- 2011 – 2012 University of Teesside - United Kingdom
- 2010 – 2011 University of Teesside - United Kingdom
- 2007 – 2010 The Higher Institute of Technology Engineering Sciences - Libya
- 2001 – 2004 Petroleum Training & Qualifying Institute - Libya

Qualifications

- 2013 **I.W.C.F** - Drilling Supervisor level – Expired: October 2015
- 2012 **MSc** in Petroleum Engineering
Module Included: Drilling Engineering & well Completion, Reservoir Engineering and EOR, Petroleum Economics: Modeling And Hysys Simulations, Mass and Balance Energy, Petroleum Production and Hydrocarbons Operations, Petroleum Chemistry .
Project title: Multilateral wells Technology approaches.
- 2011 **HND** in Process & Plant Engineering
- 2010 **High Diploma** in Computer Programming
- 2007 **P.E.T** English language (P1)
- 2004 **Diploma** in Petroleum Industrials (Drilling and Completion).

Training

- EndNote & Google drive Applications - Sebha University Libya 2017
- Time Management (HR) Sebha University – Libya 2015
- Human Resources Basics (HR) - Sahara Group – Istanbul Turkey – 2014
- General Drilling Engineering Course - Sahara Group - Istanbul Turkey - 2014
- HSE Issues and Permit to Work – Ghani Field – Libya 2012
- How to achieve your goals within your time (HR) – University of Teesside UK 2011
- Breaking ice (HR)– Redcar & Cleveland College UK 2010
- First Aid with Harouge Oil Operations -Ghani Field – Libya 2008
- Fire Fighting with Harouge Oil Operations - Amal Field – Libya 2008
- Zero Harm with Petro Canada – En-Naga Field – Libya 2007
- Snubbing operations with Boots & Coots in Cairo- Egypt 2007
- Advanced Drilling and Work over operations with NOC Tripoli – Libya 2006
- New Cementing Technologies with B & J Co. Tripoli - Libya 2005

Employment Experience

- **2004 – 2013** Harouge Oil Operations as Drilling & completion Rig Supervisor
- **2013 – 2015** Harouge Oil Operations as **Direct** Supervisor of Workover & completion department
- **2015 – 2017** Sebha University – Faculty of Mining & Energy as a Head of Petroleum & Gas Engineering Department + Lecturer for the following modules:
 - i. Introduction to Petroleum & Gas Engineering
 - ii. Oil Field Equipment
 - iii. Drilling Engineering
 - iv. Well Completion Engineering
- **2017 – current** Sebha University – Faculty of Mining & Energy as a Head of Chemical Engineering Department + Sebha University Representative for (Erasmus+) Master of Renewable Sustainable Energy ENBRAIN Project.

Responsibilities:

(Harouge Oil Operations co.)

- Responsible for 1 - 5 onshore Completion & workover rigs and monitor the Implementation of well intervention operations, work as a member in future Project committee
- Prepare the operational programs of intervention wells in order to ensure Cost effectiveness.
- Report daily to workover and completion coordinator, and ensure the smooth running of completion and workover operations on site according to established programs.
- Liaise with various service companies involved in operations on construction sites

(Faculty of Mining & Energy Engineering)

- Responsible for 7 lecturers . 3 technicians and more than 45 active student at Chemical Engineering department
- Member of Final dissertation projects topics committee
- Member of Faculty management committee
- Supervision of *many* B.sc final dissertation projects for various Petroleum Engineering subjects
- Organize study timetable for all lectures & Organize Staff schedule for office work
- Attend EnBrain committee regular meetings monthly , Liaise with various renewable energy sectors which deals with Project,
- Report monthly the meeting agenda to Sebha University & Europe Union

Professional Experience

- ❖ Team player with good interpersonal skills, ability to communicate effectively in international teams of technical professionals and field personnel
- ❖ Excellent written and verbal communication skills
- ❖ Strong working knowledge of workover and completion operations including stimulation techniques, Perforation , wire line operations and snubbing operations .
- ❖ Strong working knowledge on ESP and Natural flow wells
- ❖ Good working knowledge of remedial cementing , Fishing , fracturing jobs
- ❖ Familiar with Failure Gas lift jobs
- ❖ Strong knowledge on isolating systems , RTTS , Omega packers , RBP & DBP

Publications:

- **Khadija .M.Elsolimany, Mousa May, Mohammed E.Mehrez** " *Compartive study on bioremediation of oil contamination soils in Libya at Alsharara & Jalo fields* " Sumbitted to the 1st internal confernece in society & technology , Sebha University 2018.
- **Mohammed E.Mehrez , Mousa May , Khadija M.Elsolimany** " *Improving the viscosity property of sea water to be used as water base mud on offshore oil platforms*" Submitted to the 1st internal confernece in society & technology , Sebha University 2018.

Achievements:

- ❖ Promoted from trainee Company-man to Rig supervisor after 8 months , and to workover & Completion Direct supervisor after 9 years
- ❖ Lead many rigs at the same time as workover and completion Direct manager .
- ❖ Work on different zones , high & low pressure wells
- ❖ Worked on Ghani, Tibisiti, El-Naga , Amal & Jofra fields.
- ❖ Promoted to be a head of Petroleum & Gas Engineering Department in 6 months
- ❖ Presenting Sebha university in many academic events
- ❖ Organize the first edition of Oil & Gas trade at south of Libya
- ❖ Organize more than 5 sessions of Human resources training including :
 - ✓ Time Management
 - ✓ Life stresses and solutions
 - ✓ How to face problems and solving options
 - ✓ How to be well prepared for exams .

Technical & Personal information:

- ❖ Working in different types of situation, including volunteer work at different times of the day (or night) & ability to work all over the world
- ❖ Strong analytical / quickly problems solving skills & Ability to work on new projects
- ❖ Excellent knowledge of Microsoft Office Word , Excel and power point with good working knowledge of Microsoft outlook and Adobe Photoshop
- ❖ Good working knowledge on End Note software , SPSS Software and Google Drive Applications
- ❖ Arabic Mother tongue language
- ❖ English Language, fluently speaking and writing.

Interest : Traveling and Innovations
