**SKILLS:**

**Teamwork:** I am a very motivated person who enjoys working independently and as part of a team, my employment and academic career offered me the opportunity to work both as a team member and leader. Motivation is key in getting everyone to pull together for the team.

**Communication:** The communication skills have been developed through my employment and academic career, which enable me to liaise at all level with confidence. Beside working with students in classrooms, I Work in an office environment and in a team, which have taught me a great deal about group dynamics. I have found that being flexible in the work place is essential in a fast moving environment.

**Organisation:** I have developed time management and organisational skills through conducting various projects and assignments at employment and academic career.
