

CURRICULUM VITAE

NAME : Nagi Mussa Legi
PLACE AND DATE OF BIRTH : Ghat, Libya July 17th, 1950
NATIONALITY : Libyan
DEGREES : B.Sc. 1974 , Biolog , University of Tripoli
Demonstrator: 12/01/1978 Sebha Univrsity
M.S. 1984, JSU, Zoology Dep., Physiology , USA
Ph.D.1995, Physiology, Department of Zoology,
Tanta University, Egypt

PREVIOUS POSITION Director of Studies & Exam Depart. of University 85-86
Head of Zool. dep. Fac., Sc., Sebha University 01-04
Vice president of fac. Sc. & Art, Ghat 2006-2008
Director of research & Scientific Chancellor Dept. 2010
president of Graduate Studies and research 2012-2014

PRESENT POSITION Professor at Zool. Depart. Fac. Sci. 28/08/2004

PRESENT ADDRESS Department of Zoology, Sebha University, Faculty of
Science, Sebha, Libya

Prof. I. A. El -Elaimy
Vice president of Graduate Studies and research
Menoufia University , Faculty of Science, Egypt

Research activity : Thesis supervision

- 1- Role of HCG in inhibition effect of Hyoscyamus muticus extract on male mice reproductive organs
- 2- Biochemical disturbances following exposure of fresh water fish Tilapia nilotica to sub lethal doses of neocidol pesticide
- 3- Investigation on the effect of aqueous extract of fenugreek and Cinnamomum to Intact and experimental diabetic rats
- 4- Alternations subsequent to ascorbic acid treatment on mother rats toxicated with nicotine and their offspring
- 5- determination of the concentration of heavy metals on gasteropoda and Tilapia nolitica fish in Ein Tawargha (Libyan Jamahiriya

Thesis Co-Supervion

- 1-Study of blastocystis hominis in direct faecal smear and culture method in Sebha
- 2- Effect of some herbal preparations (curcuma longa on Eimeria tenella infections in chickens.
- 3-Effect of ascorbic acid and vitamin A on growth performance, some hematological and Physiological parameters on goats under summer heat stress of Mourzuk
