

Curriculum Vitae (CV)

الاسم رباعي: خديجة عبدالله محمد ادم

Full Name	KHADEEJAH ABDULIAH MOHAMMED
Phone number	0926798805
E-mail (university Email)	(khad.adam@sebhou.edu.ly)
Department	MICROBIOLOGY
Research Area Key words (5 at least)	My research department is any field of research General Microbiology \ Medical Microbiology \ Isolation and identification of some pathogenic microbes and study of the effect of some substances on them such as plant extracts and antibiotics \ medical analyzes
Award & Fellowships	Awards: Certificate from Al Qemah Academy for Education and Training 2017
Education	MSc
Publications (journals)	
<p>1. . Khadija A. Abu Anizah, Younes A. Al – Khayali, Abdurrahman A. Akarem, Massoudah O. Khalifa, & Ibtisam M. Ahmadi. (2019). Estimation of heavy metals of Libyan honey and its inhibitory effect on pathogenic bacteria. <i>EPH - International Journal of Applied Science (ISSN: 2208-2182)</i>, 1(1), 670-684. <i>The Third (3rd) International Conference on Basic Sciences & Their Applications, Omar Al Mukhtar University, EL Beida Libya, April 24-26, 2018</i></p> <p>2. Khadija Abdulla Abu Annizah , Younes Abu Bakr Al–Khayali. (2018). Effect of Propolis bees on some pathogenic microbes of humans. <i>Journal of Pure and Applied Sciences</i>, 17(1) First International Conference on Science and Technology. (1st ICST-2017) Under the slogan "For the optimum application of science and technology. 12th – 14th February 2018.</p> <p>3. Khadija Abdulla Abu Annizah¹ , Younes Abu Bakr Al – Khayali¹ Study the effect of some natural honey varieties on the growth of some species of microbes pathogenic to humans <i>The first conference for graduate students, Sebha University, College of Engineering and Technology, Barak al-Shati, 18 April 2017</i></p> <p>4. Khadija Abdulla Abu Annizah¹ , Younes Abu Bakr Al – Khayali¹ Antimicrobial effect of natural Libyan honey & propolis extract against some human pathogens'. <i>Sebha University Digital Depot</i></p>	

Publications (books)

1.

Working Experience

1. Lab technician, medical analysis laboratory
2. Lecturer and trainer at the Academy of Medical Analysis
3. Teacher in life sciences for basic and secondary education

Departmental Duties & Activities

1. Research and Consultation Coordinator, Department of Microbiology
2. Teaching undergraduate students in practical bacteriology, medical microbiology, and methods for isolating some pathogenic microbes and microbiology of water and wastewater

Professional Memberships/Activities

1. Effective Communication Skills and Human Relations Dale Carnegie Training Libya 7/12/2017
2. Farah Laboratory Medical Analysis 11/9/2017
3. Raising efficiency in medical laboratories Summit Academy/Sabratha University Research and Consulting Center 11/9/2017
4. Statistical Analysis Program Spss University Training Center Sabha 19/4/2017
5. Writing and coordinating research using the Microsoft word Training Center Program, Sabha University 15/4/2017
6. Google Drive (Cloud Storage) Sabha University Training Center 29/3/2017
7. Design questionnaires and exams electronically Sabha University Training Center 28/3/2017
8. Research coordination using the Program & Note University Training Center 28/3/2017
9. Google Scientific Researcher and E-Mail Training Center Sabha University 29/3/2017
10. Basics of Computer and Internet Training Center Sabha University 4/3/2017
